

Upcycling Challenge 2019

Please join us for the 2019 Upcycle Challenge!

As a salute to Rose Walton's show, Menswear for the Modern Woman, we would like to challenge people to upcycle something to be shared here at the gallery in a second runway show on July 27th. Please include a piece of men's clothing or the fabric from it in whatever you create. This can be jeans, tshirts, ties, dress shirts, socks, belts, hats, etc. Please be sure to take photos of all clothing and supplies before you begin creating. Work in progress photos are encouraged too. You can source your supplies from your closet, a friend's closet (with permission!) and of course Platteville Thrift Shop, Your Neighborhood Thrift Shop (Lancaster), Grant County Thrift Shop (Lancaster) or other resale shops.

At the end of July we'll get together to have a second runway show of all items made during the exhibit. If you finish your piece before then we'll be happy to display it at the gallery through July 30th. We hope you'll feel inspired and to motivate you . . . we'll have prizes for the best pieces of upcycling. AND we have some clothing that you can sort through looking for inspiration and take with you to begin your project! Sign up with us and challenge a friend to join you! People may join at any time!
